BAGGAGE CART

**WORLD CARTE®**

**Worthy of today's world-class airports; engineered by the world's most experienced cart operator.**

Smarte Carte's new Worldcarte® baggage cart is attractive, functional and durable. Its ergonomic design allows travelers to comfortably move bags of all shapes and sizes through your airport. When not in use the carts nest closely to require minimal floor space.

Our carts not only streamline the flow of traffic through and out of your airport, they give travelers control of their belongings and the mobility to visit airport shops and

restaurants. Smarte Carte® baggage carts are an integral part of a traveler's passage through your airport.

Smarte Carte's Worldcarte baggage carts are rented from cart management units strategically placed in high demand areas of your airport. With the ongoing attention and maintenance of your cart service by an on-site team of Smarte Carte professionals, you can be sure a cart is always available for every traveler who needs one.
