

MECHANICAL LOCKERS

Provide your customers convenient and secure storage for personal items.

Mechanical lockers by Smarte Carte EFA are perfectly suited for use in smaller airports, train stations, bus terminals, ferry terminals, supermarkets, shopping centres, hotels/ hostels, sports centres and theme parks.

A Smarte Carte EFA locker concession provides your facility with a cost-free storage locker solution, and you receive a percentage of the income generated by the locker rentals.

Smarte Carte EFA covers the cost of the initial investment, installation, spare parts and service. You provide the floor space, conduct regular checks to empty lockers, change faulty locks as needed and report the income to us on a monthly basis.

What an easy way to offer your customers a first-class locker service without any investment. Contact us for further information!
