

INTERNET & EMAIL STATION

**Pay
@mail**[®] High Speed Internet
Read, Write, Send & Surf

Cash in on the popularity of email on demand.

With the average person sending 32 emails each day and 95% of travelers not carrying laptops, there is a growing need for on-demand email availability at airports. With the Pay Email[®] program by Smarte Carte and ATM USA, you have the opportunity to profit from this growing trend. The patented Pay Email technology makes email access available through a compact vending machine that fits perfectly in pre-existing pay phone enclosures.

The Pay Email technology allows your customers to surf the Internet, make air and

hotel reservations, check emails and pay bills online. Pay Email is fast becoming a widespread form of Internet access at high-traffic locations such as hotels, restaurants, convenience stores and convention centers.

Now, airports can capitalize on the more than 12 billion emails being sent every day and turn unused pay phone enclosures back into profit centers.

Most importantly, the Pay Email service is managed and maintained by your on-site Smarte Carte team, a service provider you know and trust!

PAY EMAIL® INTERNET AND EMAIL STATION

- Designed to fit in pre-existing pay phone enclosures, or be mounted to a wall or desk in business centers.
- High-speed Internet access.
- Optional printer attachment
- VOIP Internet phone service option lets customers make domestic and overseas calls while surfing the Internet – at no extra charge.
- Proprietary software stops spyware and viruses and blocks offensive Web sites, making it the ideal choice for public access Internet.
- One DSL line can operate up to six units.
- User-friendly interface.
- 15 inch flat screen.
- Full size mouse and keyboard.
- Accepts cash and/or major credit/debit cards.
- Available 24 hours a day.

Pay Email accepts cash and/or major credit and debit cards. Kiosks and printers can be mounted to desktops in airport business centers.

If your airport is seeking a better way to utilize existing pay phone enclosures, Pay Email is an easy and lucrative answer.
