

SMARTER WHEELS

Classic Management Unit

A stroller management service has never looked so good.

Make the shopping experience at your mall a pleasant one for your customers. The Smarte Carte Classic stroller management unit provides unmatched customer service with a sleek new aesthetic. This computerized management unit offers unmatched customer service features including credit card stroller rental, bill acceptance and change making capabilities.

It's compact, stream-line design requires minimal floor space and permits strollers to be placed anywhere your customers need them.

The Classic keeps strollers orderly and available for use by motivating shoppers to return strollers for a reward.

A Smarte Carte stroller concession provides the equipment and staff needed to manage the service, reducing capital expenditures and labor costs while improving your customer service program. Invite your customers to shop longer with the Smarte Carte Classic stroller management unit.

Features:

- Accepts major credit cards without a telephone line or LAN connection. Proprietary technology stores transactions locally.
- Accepts \$1 and \$5 bills and returns change with purchase.
- Automatically gives customers a partial refund when stroller is returned to any stroller management unit.
- LCD screen makes stroller rental easy by providing step-by-step instructions in multiple languages.
- Microprocessor counts bills as they are inserted and records transaction data.
- Compatible with Smarte Carte 1067 single, 1062 double, 1092 Smarty Bear™ and 1106/1107 Smarte Wheels® strollers, as well as Smarte Carte shopping carts.
- Optional three-panel overhead sign attracts the attention of customers and makes the stroller service visible from a distance.

The Classic stroller management unit accepts credit cards as well as bills for more flexible payment options.
