

OUTDOOR SERIES SINGLE & DOUBLE STROLLERS

SMARTE WHEELS®

(Patent pending)

Smarte Wheels® theme strollers provide a valuable service and add another element of fun at your facility!

Enhance guest satisfaction and increase traffic to your facility with Smarte Wheels® theme strollers. Theme strollers bring smiles to the faces of parents and kids by making their time at your facility happy, relaxed and entertaining.

Built with extended outdoor use in mind, our strollers include comfortable plastic seats, oversized all-terrain wheels, UV resistant

materials and Mold-In-Graphics® that will not chip or peel. Our outdoor strollers also include amenities such as a shade canopy, cup holders and large mesh bag for personal items.

Our outdoor strollers are compact and designed to nest tightly and stack lower – making them easier to handle and requiring less floor space than any other outdoor stroller.

Smarte Wheels Outdoor Series strollers are available through concession, lease or purchase.

OUTDOOR SERIES STROLLER

- Available as single or double stroller.
- Molded plastic body in the shape of a car is made of UV resistant, durable plastic with a smooth finish that is easy to clean.
- Mold-In-Graphics® are embedded into the plastic stroller body and will never chip or peel.
- Shade canopy is made of UV stable, solution-dyed polyester that has passed extreme UV testing without fading or degrading and has vinyl-coated mesh inserts for ventilation.
- Storage includes a large vinyl-coated mesh bag and two child-accessible storage pockets.
- Cup holders are conveniently located for adults and children.
- Open design makes it easier to load/unload children.
- Designed for easy maneuvering in outdoor environments.
- Strollers are lightweight, compact and nest tightly and stack lower, making them easier to handle and requiring up to 50% less space than other outdoor strollers.
- Child safety straps include three-point design for added safety.
- Safety brake meets ASTM F833-05 safety standards.
- Optional activity bar has steering wheel for added entertainment, is easy to attach and doesn't interfere with leg space. (Optional activity bar not shown.)
- Seat color and graphics package can be changed to create other custom vehicle themes.
- Stroller themes coordinate with our line of vendable Smarte Wheels strollers to allow supplemental self-serve stroller rental in remote areas of your facility.
- Available as purchase, lease or through a revenue-share concession program.

Unique, patent-pending design makes our strollers easy and safe to handle.
