CHARGE CARTE® RAPID CHARGER

- Each cycle provides 30 minutes of rapid charge time. Customers can choose how long they want to let their device charge. Amount of charge received will vary depending upon how long the device is plugged in, the specific model and battery quality.
- Rapid charge technology provides the fastest possible charge without damaging the battery.
- Includes 12 connectors for the most popular cell phone, smartphone and mp3 models including iPhone, iPod, Blackberry, micro and macro USBs. The device models supported are changed as new models are put into service.
- Accepts major credit and debit cards. Uses Smarte Carte unattended credit card acceptance technology and does not require a telephone line.
- A digital screen counts down the charge time.
- Small footprint and lightweight design makes it easy to locate charging stations anywhere where service is needed.
- Cashless system eliminates the opportunity for theft and ensures accurate revenue reporting to the airport.
- Improves passenger service and provides concession revenue for your airport.

With the Charge Carte, travelers pay a small fee by credit or debit card to get a rapid charge that will keep them connected with family or business.
